

# SIGNATURE TALKS

ALL SESSIONS ARE CUSTOMIZABLE

## ***SUSTAINABILITY THAT DELIVERS***

### **Using Sustainability to Achieve Strategic and Business Outcomes**

*How sustainability becomes a decision-making and performance tool, supporting growth, resilience, competitiveness, and long-term value rather than communications or compliance alone.*

## ***STAKEHOLDER-CENTRIC AI GOVERNANCE***

### **A Practical Governance Model for Local, State & Federal Leadership**

*Designing AI systems that align with public value, accountability, trust, and institutional responsibility across U.S. governance structures.*

## ***FROM LOCAL TO GLOBAL***

### **Building Scalable Systems from Local Action to Global Impact**

*How locally grounded initiatives can be structured, governed, and scaled to influence national and international systems.*

## ***PARTNERSHIP POWER***

### **How to Design, Attract, and Activate High-Value Partnerships**

*Moving beyond sponsorships to partnerships that deliver strategic outcomes, risk mitigation, and shared value.*

## ***TURNING COMMUNITY NEEDS INTO STRATEGIC PRIVATE-SECTOR INITIATIVES***

### **Aligning Business Strategy with Public Value, Partnerships & Local Development**

*A proven framework for converting community and policy needs into credible, fundable, and profitable initiatives.*

# SIGNATURE TALKS

ALL SESSIONS ARE CUSTOMIZABLE

## AI AS A SOCIAL SYSTEM

### Ethical Design, Social Impact & Trust in Intelligent Environments
